

ROADS, RIVERS, PARKS & PLANES

THE SECOND IN A SERIES OF "DAYTON BEAUTIFUL" TOWN HALL MEETINGS HOSTED BY THE
CITY OF DAYTON DEPARTMENT OF PLANNING & COMMUNITY DEVELOPMENT

Learn how the City of Dayton is strategically leveraging infrastructure resources – like roads, bridges, utilities, parks, rivers, runways and more – to align with other key community investments.

Most of us take for granted the infrastructure and facilities that make Dayton an attractive community. But investing in our capital assets to strengthen Dayton's uniqueness, beauty and character is critical to the city's future success. Join us as we share the 2009 plan for infrastructure reinvestment, and explain how these investments help leverage private investment, support Dayton's "pride of place," and enhance the safety, efficiency, value and vitality to our city.

SATURDAY, MAY 2, 2009

9:00 A.M. – 11:00 A.M.

DAYTON CONVENTION CENTER, ROOM 202

22 EAST FIFTH STREET IN DOWNTOWN DAYTON

Free: No admission fee required. Parking passes will be provided for the adjoining Transportation Center Parking Garage.

Please RSVP to 333-3616 or daytonbeautiful@cityofdayton.org.
