

A PEDESTRIAN-AND BICYCLE-FRIENDLY DAYTON

THE THIRD IN A SERIES OF "DAYTON BEAUTIFUL" TOWN HALL MEETINGS HOSTED BY
THE CITY OF DAYTON DEPARTMENT OF PLANNING & COMMUNITY DEVELOPMENT

Learn what the City of Dayton is doing to more effectively balance the needs of pedestrians, cyclists, and motorists

As the historic center of our region, Dayton's inner core was originally designed not for cars, but for pedestrians, bicyclists, horses, and streetcars. As Americans are now increasingly choosing communities known for walkability and bicycle amenities, this can give older center cities an advantage. We invite you to share your thoughts on how to capitalize on and enhance our alternative transportation assets. Planners and engineers will also discuss current projects and plans for benchmarking Dayton's progress towards achieving Bicycle-Friendly Community status through the League of American Bicyclists.

SATURDAY, JUNE 27, 2009

9:00 A.M. — 11:00 A.M.

DAYTON CONVENTION CENTER, 3RD FLOOR

22 EAST FIFTH STREET IN DOWNTOWN DAYTON

Free: No admission fee required. Parking passes will be provided for the adjoining Transportation Center Parking Garage.

Please RSVP to 333-3863 or daytonbeautiful@cityofdayton.org.
